FREE Applique Pattern
Week 2 - Autumn Leaves

paulette@13sites.com

Three autumn leaves can be used for all kinds of applique. Use 1, 2 or all 3 of them on a wall hanging, in the border of a quilt, on placemats or a wall hanging. This design might be a little difficult for needle turned work, but it's well suited for machine applique, feltwork (which is what I originally intended it for), or even paper crafts. Use your imagination, and be sure to share on my blog what you've created with them!
