## FREE Applique Pattern

### Week 7 - Snowflakes

[www.tulipsquare.com](http://www.tulipsquare.com)  
[paulette@13sites.com](mailto:paulette@13sites.com)

Here are three simple snowflakes for your next applique project. Each snowflake can be made using only the outer lines for very simple designs, or the inner lines can be added for more complex work. Best suited for machine applique (which is what I designed it for originally), feltwork or paper crafts. Use your imagination, and be sure to share on my blog what you've created with them!
